Search Notes

Dear Examiner Gole,

Attached are the search results (from commercial databases) for your case). Search results are in two formats: paper and floppy. Pls note that highlighting of search terms is lost in the floppy results.

Color tags mark the patents/articles which appear to be most relevant to the case. Color of tag has no significance. Pls review all documents, since untagged items might also be of interest. If you wish to order the complete text of any document, pls submit request(s) directly to the EIC2100 Reference Staff located in PK2-4B40. As I had mentioned to you, I did not have time to review and tag the search results for the patent files. Also, you might wish to search 'begin/end pointer' in addition to 'head/tail pointer'. I found those terms in the patent files, and did not have time to re-do the search.

Pls call if you have any questions or suggestions for additional terminology, or a different approach to searching the case. Finally, pls complete the attached Search Results Feedback Form, as the EIC/STIC is continually soliciting examiners' opinion of the search service.

Thanks,
Carol
